No-One More Loving

81 BPM in 4/4

Dave Bilbrough

Chorus:
Lord, there's no-one more loving than you
No, there's no-one more loving than you
I sing what I know, what I've learned to be true
That there's no-one more loving than you

Verse 1:
Should the rain drive hard or the wind blow cold
And I walk a lonely road
You're still there for me, no, you'll never leave
You're the anchor to my soul

Verse2:
In the fading light when the sun goes down
And the shadows cast their spell
You're still there for me, yes, you've always been
My comforter and help
